MEMORANDUM FOR: Project Director

SUBJECT : Mobility Plan - Detachment A

25X1
25X1

1. Attached herewith is the original copy of [Redacted] redraft of [Redacted] Mobility Plan.

25X1

2. In the course of compiling the redraft, [Redacted] informally coordinated his revisions with the Project Material Director and the Project Personnel Officer, as well as the Project Comptroller and myself. Formal coordination has not been requested of Operations, nor will it be unless you feel that this is absolutely necessary.

3. As I told you, [Redacted] hopes to discuss this plan with [Redacted] and/or [Redacted] at Watertown. He will advise us of any substantive changes recommended by these people. It may seem a trifle long in its present form, but I believe that [Redacted] has done a workmanlike job within the framework available to him.
